

A man and a woman are working together at a wooden desk in a modern office. The man, on the left, is wearing a blue sweater and glasses, leaning over the desk. The woman, on the right, is wearing a colorful patterned top and is smiling while looking at a laptop. There are two laptops on the desk, one open and one closed. A small cup of coffee is also on the desk. The background features a wall with large, stylized black and white drawings of plants and a cat's face. A blue diagonal banner is in the top right corner.

All your business essentials in one box

*Sage Pastel Accounting Partner Advantage is
available as an Annual Licence Fee or subscription product*

Your business is growing and it's essential that you have the right software to help you succeed. We understand that finding the recipe for business success can be tricky. Our holistic software solution for small and medium sized businesses includes the tools you need to gain control of your business. You can automate key business processes and gain the confidence you need to make important decisions. Service and support is just a phone call away, when you need it. Now you'll have more time to focus on what's important and that's running and growing your business.

Smart and intuitive accounting software

We've developed our software with your specific business environment in mind. Our software comes with a single user and unlimited company licence with the ability to purchase up to 20 additional user licences. You'll be able to store 5 years of transactional data while being able to process the current financial year as well as one back. You can create a maximum of 30 cash books and the inclusion of a General Ledger goes without saying. You can also feel confident that your accounting software will always be SARS compliant.

Unlimited, expert software support

We appreciate that in order for your company to run smoothly, you'll need software maintenance and support. We've got real people waiting on the line to help you. Unlimited telephonic support, free software upgrades, access to the exclusive Sage Pastel Customer Zone and discounted training are just some of the benefits and it's all included in your annual licence fee agreement.

Say goodbye to manual bank reconciliations

We know that reconciling your bank account can take hours, if not days to complete. We can help by making your bank reconciliations a breeze with Sage Pastel Bank Manager.

Business reporting at the click of a button

Creating the perfect report can be very time-consuming. Sage Intelligence Reporting automates your reporting process so that you can focus on actually analysing the information to make informed decisions with confidence. Use the standard report templates or design your own report templates in MicrosoftTM ExcelTM and update them straight from your Sage Pastel software.

Sage Pastel Accounting on-the-go

With our new mobile app, you can now lookup details for customer and inventory items, process quotes, invoices and sales orders from your mobile device as well as find customers near to your current location. And, that's just the beginning!

* Requires an internet connection. Available in certain countries only. Contact your nearest Sage Pastel office for more information.
