sage 50 Quantum Accounting

Meeting the needs of the nonprofit industry

For nonprofits, every dollar is important to advancing your mission. And tracking where those dollars go is of equal importance. Sage 50 Quantum Accounting makes it easy to manage your financials; plus it has built-in tools that you need to fulfill nonprofit reporting, security, and operational requirements.

Still an easy-to-use, everyday accounting solution

Sage 50 is easy-to-use accounting software that provides the insights and control every nonprofit needs. Our core features help you expertly manage day-to-day accounting, such as payables, receivables, and bank reconciliation. The software is packed with strong reporting capabilities, flexible payroll options, and in-depth audit trails. Plus, our powerful dashboards and management centers make it easy to boost efficiency and gain visibility into your numbers to improve results.

Vendor Management Center—Gain greater visibility into all the information you need for a specific vendor on one customizable dashboard.

## A comprehensive tool for managing your organization

Donors, grantors, your board of directors, and regulators expect a full accounting of how your organization uses money. You also need a way to record donations, provide receipts, and track donors for future fundraising campaigns. Sage 50 Quantum Accounting helps you manage restricted and unrestricted income, track donations, and administer expenses, and it provides the solid reporting you require.

Demonstrate financial responsibility

With Sage 50 Quantum Accounting, you get core nonprofit accounting capabilities that meet financial reporting requirements and help you advance your mission.

• Choose a nonprofit-specific chart of accounts or use the United Way chart of accounts that is included.

• Customize account segments to represent departments or individual funds.

• Designate encumbrance and restrictions

• Generate and email reports and financial statements:

 - Budgeted Statement of Revenues and Expenditures

 - Statement of Financial Position

My Dashboard

My Dashboard

Individually customized dashboard offers easy access to real-time tasks and information that empowers your teams to manage their own work more efficiently.

My Inbox

All users have their own personalized inbox to help get organized and stay focused on their individual tasks. Graph data, print it, create a PDF, or email it.

Control user access and protect data

Sage 50 has a solid audit trail function that easily tracks all system transactions and includes information for each transaction such as user name, date, time, and amount of transaction. With screen-level password security and multiuser capabilities, you can create efficiencies and save time with data entry and other tasks.

Manage fundraising and donor outreach

Sage 50 includes a variety of templates that let you send professional-looking letters for proposals, contracts,

and other communications. In addition, you can easily track donor information in the customer field, such as outstanding pledges and fees.

- Create new customer/donor welcome letters.
- Send fundraising letters.
- Provide donation receipts.
- Integrate with Microsoft Word and Excel.

We support your business like no one else

Your Sage 50 purchase comes fully supported with help and advice by phone, chat, or online; automatically delivered updates for the life of your subscription; powerful and insightful Excel-based Intelligence Reporting; and access to payroll and payment solutions—all included with your purchase.[2]
